Introduction

ADSO Marine Services and Contracting Dubai is a Branch of ADSO marine services and General Contracting Abu Dhabi and a subsidiary of ADSO LLC established in 1968.

ADSO Marine Services and Contracting, a dynamic company dedicated to delivering sustainable outcomes in the fields of building construction, fit-out, and maintenance. With a clear vision of "Ability to Deliver Sustainable Outcomes," we are committed to providing top-notch services that exceed our clients' expectations while prioritizing environmental responsibility.

At ADSO Marine Services and Contracting, we understand the importance of creating buildings that not only meet functional requirements but also contribute to a sustainable future. Our expert team of professionals combines innovative thinking, technical expertise, and a deep understanding of industry best practices to deliver exceptional results.

In the realm of **building construction**, we take pride in our ability to bring ambitious projects to life. Whether it's residential, commercial, or industrial construction, we approach each endeavor with meticulous planning, efficient execution, and an unwavering commitment to quality. Our aim is to not only meet project specifications but also create structures that harmonize with their surroundings and promote long-term sustainability.

FITOUT is an area where our creativity shines. We believe that the interior spaces within a building should be as inspiring and functional as the exterior. Our skilled team specializes in crafting customized fit-out solutions that reflect our clients' unique preferences and requirements. By incorporating sustainable materials, energy-efficient systems, and intelligent design principles, we create spaces that optimize productivity, comfort, and well-being.

Ability to Deliver Sustainable Outcomes

Maintenance is another crucial aspect of our comprehensive services. We recognize that buildings require consistent care and attention to ensure their longevity and efficiency. Our dedicated maintenance team utilizes proactive strategies and advanced techniques to keep structures in pristine condition, minimizing downtime, and maximizing asset value. From routine inspections to prompt repairs, we offer tailored maintenance programs to suit your specific needs.

At ADSO Marine Services and Contracting, we have a diverse range of expertise, allowing us to undertake **construction and engineering contracting related to technology projects**. Our team of skilled professionals is well-versed in the latest technological advancements and industry standards. Whether it's the construction of data centers, telecommunications infrastructure, or other technology-driven facilities, we bring a unique blend of technical proficiency and innovative thinking to each project, ensuring seamless execution and successful final handover.

In line with our commitment to environmental protection, we specialize in **building construction for environment protection establishments**. These establishments play a crucial role in safeguarding our natural resources and preserving the delicate balance of ecosystems. Our construction expertise in this field ensures that these buildings meet the highest standards of sustainability and functionality, enabling organizations to carry out their vital work while minimizing their ecological footprint.

Ability to Deliver Sustainable Outcomes

Water passages drilling and deepening is another significant aspect of our portfolio. Our experienced team utilizes advanced techniques and equipment to create efficient water passages, facilitating the movement of water for various purposes such as irrigation, drainage, or environmental conservation. With our expertise in this specialized field, we ensure precision and adherence to environmental regulations, allowing for the effective management of water resources.

Site leveling is an essential service in the initial stages of any construction project. Our skilled team employs advanced surveying techniques and cutting-edge equipment to achieve accurate and efficient site leveling, creating a solid foundation for the subsequent construction phases. We prioritize meticulous planning and attention to detail, ensuring that the site is prepared to meet the unique requirements of each project.

Service duct connection drilling is another area of expertise we offer. With our specialized drilling techniques, we create service duct connections with precision and efficiency. Whether it's for electrical, plumbing, or HVAC systems, our team ensures that the duct connections are seamlessly integrated into the building's structure, enabling the smooth flow of essential services throughout the facility.

Ability to Deliver Sustainable Outcomes

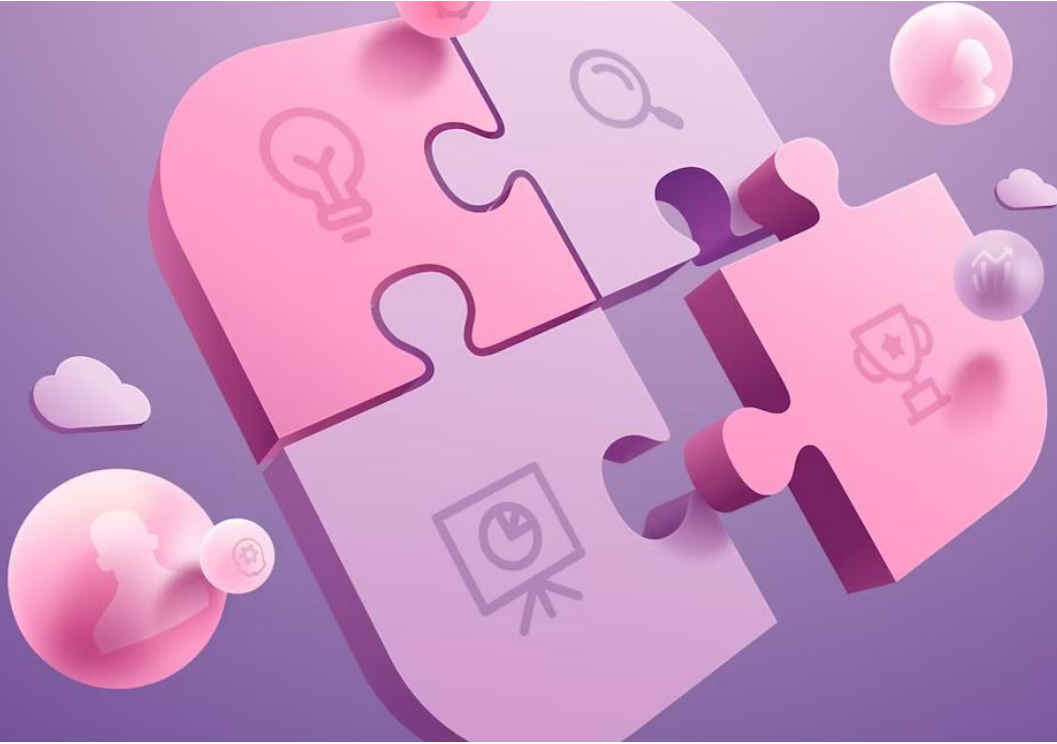

Our company excels in **oil and gas field facilities building contracting**. We understand the complexities and stringent requirements of this industry, and our team has the expertise to construct facilities that meet the highest standards of safety, durability, and functionality. From production facilities to storage tanks and infrastructure, we deliver turnkey solutions that support the oil and gas sector's operations.

ADSO Marine Services and Contracting is more than just a construction company; we are your trusted partner in achieving sustainable outcomes. We are committed to fostering collaborative relationships with our clients, listening to their needs, and delivering results that surpass expectations. With our unwavering focus on excellence, environmental stewardship, and client satisfaction, we are confident in our ability to bring your vision to life while leaving a positive impact on our planet.

Experience the difference of ADSO Marine Services and Contracting, where the ability to deliver sustainable outcomes is at the heart of everything we do. Contact us today to discuss your project and embark on a journey toward a greener and more sustainable future.

Vision Factors, Mission & Values

Main Vision Factors:

Mission:

Our mission is to provide construction services that prioritize sustainability, efficiency, and innovation, enabling us to deliver long-term value to our clients and communities. We strive to minimize the environmental impact of our projects while ensuring the safety and well-being of our workforce and stakeholders. By adopting best practices, leveraging advanced technologies, and collaborating closely with our partners, we aim to become a leading force in the construction industry that delivers sustainable outcomes for a better future.

VALUES::

1. **Sustainability**: We are committed to conducting our business in a way that prioritizes the sustainability of the environment, our communities, and future generations.
2. **Innovation**: We continuously seek to innovate and improve our processes, technologies, and practices to achieve better outcomes for our clients, stakeholders, and the environment.
3. **Safety**: We prioritize the safety and well-being of our workforce and partners, implementing rigorous safety standards and procedures to minimize risk and ensure compliance.
4. **Integrity**: We conduct our business with the highest level of integrity, honesty, and ethical standards, treating our clients, partners, and communities with respect and fairness.
5. **Collaboration**: We value collaboration, teamwork, and partnerships with our clients, suppliers, and communities, recognizing that a collective effort is needed to achieve sustainable outcomes.
6. **Quality**: We are committed to delivering high-quality services that exceed our clients' expectations and contribute to the success of their projects and operations.
7. **Accountability**: We hold ourselves accountable for the results of our work, taking ownership of our actions and continuously seeking feedback to improve our performance.

ADSO Marine Services & General Contracting Policies

Quality Policy Statement:

ADSO MSC is dedicated to delivering high-quality products and services that exceed customer expectations. They have established a Quality Management System based on ISO Standards and continually review and improve it. Employees are provided with the necessary resources, equipment, and training to ensure high-quality work. ADSO MSC fosters a culture of continuous improvement and encourages all employees to identify opportunities for improvement. Quality is not just about meeting technical specifications but also about delivering reliable and safe products and services that meet customer needs. ADSO MSC is committed to maintaining the highest standards of quality in all operations and communicates this commitment to all stakeholders.

Health & Safety Policy Statement:

ADSO MSC is committed to providing a safe and healthy work environment for employees, contractors, and visitors. To achieve this, they have established a comprehensive Health and Safety Management System based on ISO Standards and best practices. The system aims to identify and control hazards and risks, prevent accidents and injuries, and promote a culture of safety within the organization. The company is committed to complying with all applicable laws and regulations related to occupational

health and safety and providing necessary resources, equipment, and training to ensure safe work practices. ADSO MSC believes that a strong commitment to health and safety is essential to the success of the business and will work with employees, contractors, and suppliers to promote a culture of safety and achieve their health and safety objectives.

Sustainability Policy Statement:

ADSO MSC is committed to promoting sustainability in their operations, and have adopted a comprehensive Sustainability Policy based on ISO Standards and best practices. They aim to minimize their environmental impact, promote social responsibility, and contribute to economic development. They will comply with all applicable laws and regulations related to sustainability, and work to identify and prioritize sustainability risks and opportunities, reducing their environmental impact and promoting sustainable practices throughout their industry. They will report on their sustainability performance, engage with stakeholders, and set ambitious targets for improvement, with a goal of being a leader in sustainability. Their commitment to sustainability is communicated to all employees, suppliers, and customers.

Corporate Social Responsibility Policy Statement:

ADSO MSC is committed to conducting their business in a socially responsible manner, guided by their Corporate Social Responsibility Policy based on their core values of integrity, respect, and responsibility. They are committed to upholding ethical business practices, respecting human rights, promoting diversity and inclusion, and contributing to the economic, social, and environmental well-being of their communities. They will create a safe and healthy work environment for their employees, minimize their environmental impact, and promote sustainable practices throughout their supply chain. They will support community development initiatives, engage with stakeholders, measure and report on their social and environmental performance, and set ambitious targets for improvement. Their commitment to Corporate Social Responsibility is communicated to all employees, suppliers, and customers and is reviewed annually.

Diversity and Inclusion Policy Statement:

ADSO MSC is committed to building a culture that promotes diversity and inclusion, where all employees feel valued and respected. They recognize the importance of diversity and inclusion in driving innovation, creativity, and growth. The company is dedicated to providing equal opportunities for all employees to develop their skills and advance their careers, regardless of their background. They also provide a safe and respectful workplace, free from discrimination and harassment, and support and accommodate employees with disabilities or special needs. The company provides training and resources to promote diversity and inclusion and regularly monitors and reviews its initiatives. Their commitment to diversity and inclusion is communicated to all employees and reviewed annually.
